

# LATE SPRING SPECKtackular!

During the ACFA June 7, 2008 Tournament **Adam Barker (L)** and **Jim Foster (R)** landed back-to-back 5# plus specks . A little while later Adam caught another speck over 5# that earned him 3rd Place in the June Tournament, while Jim's 5.60# trout finished in First Place!  
These three, plus **Chris Massey's** 5.5# speck were the first time since June 2006 the top 3 place speckled trout were over 5 pounds. And with **Doug Houston's** 4.95# trout it's likely the first time in the club's history 5 specks of this size were entered in a tournament on the same day!

Fishing a top water bait along with his longtime "padna" **Rick Tourne'** early Saturday morning on May 31st, **Donald Wayne Garrettson (R)** landed this huge speck. His 'personal best' trout, it's 27" long and weighed 6.91#.

## June Tournament Recap:

Again the weather failed to cooperate for our "Summer Starter" Tournament held Saturday May 3rd, 2008. None of our tournaments have had good weather this year and the participation (and size of the fish) has really suffered. Still ACFA members will not be deterred by adverse conditions and five speckled trout of 5 pounds or better were weighed in. That's a FINE showing!
